

SX-ND-4350WAN **Wireless Network Display Adapter HDMI**

Wireless Interactive Display Adapter and Access Point

Overview:

SX-ND-4350WAN is a wireless interactive display adapter, and also functions as a wireless access point. The product connects to the network and the display in a presentation or classroom environment:

Interactive image transmission.

- Projects screen of a Windows® tablet or notebook computer to an interactive board, short-focus projector or large format touch displays over a wireless connection.
- Wirelessly enable the touch operation of an interactive display, Bi-directional communication supported.
- Dual Band 802.11n, up to 300 Mbit/s.

Wireless LAN access point

No need for additional wireless infrastructure expense.

▶ Main Features:

Robust and Quality Wireless Operation Immediate response to touch input and video, without visible latency.

Bidirectional data transfer with various USB devices Silex USB Virtual Link Technology™ enables various input devices such as touch panels or USB devices to be remotely

controlled from across the network by the computer. Remote control of PC via USB mouse and keyboard possible.

Support for Full HD resolution

(1920 x 1080) at up to 24 frames per second permits the display of high picture quality.

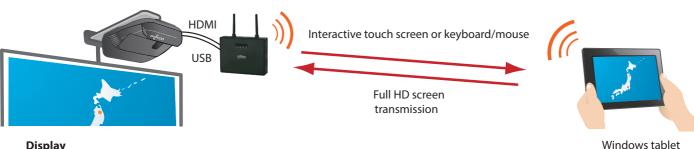

"NetDA Manager", a simple and user-friendly utility

This software allows you to search for NetDA devices, connect and disconnect with monitors and touch input, and allows you to query the connection status.

Screen Sharing to any Device

The software has a feature that allows you to easily share the screen being shown on the display to any device that has a web browser including tablet devices and smartphones.

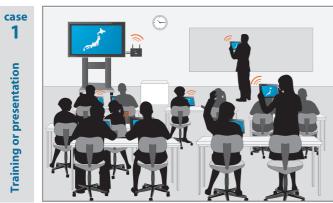

Display

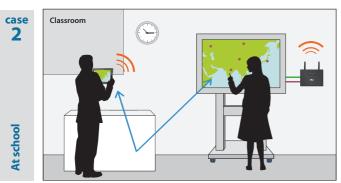

- Large screen TV
- Interactive Board
- Super short-focus projector

SX-ND-4350WAN Wireless Network Display Adapter HDMI

▶ Application Options:

A wireless connection instead of cables next to the teacher's podium allows the display to be moved around the room without restriction, making it easier to put away and to set it up.

Wireless interactive collaboration between teacher and student including touch screen and display without visible latency.

Accessory options for the network display adapter

Mounting bracket

 VESA Compliant Mounting Bracket Part Number: E1273

OEM circuit boards for integration into a display and SDK solutions are also available. Please contact us for details.

■ Technical Data:

		Product Name	SX-ND-4350WAN
		Article number	E1286
	Wired LAN	Interface	RJ-45 1 port (supported Auto MDI/MDI-X)
			Conforming to IEEE802.3 10BASE-T/100BASE-TX/ 1000BASE-T
		Security	MAC address filter
	Wireless LAN	Interface	IEEE802.11a/b/g/n 2T×2R (theoretical value 300Mbps)
		Transmission Method	IEEE802.11a 5GHz (modulation method: OFDM) IEEE802.11b 2.4GHz (modulation method: DS-SS) IEEE802.11g 2.4GHz (modulation method: OFDM) IEEE802.11n (modulation method: OFDM) - MIMO (Multiple Input Multiple Output) - A-MPDU and A-MSDU of Aggregation function - HT20/HT40 mode (high-throughput mode)
		Radio Wave Output Setting	20 stages can be set at an interval of 5% from 5% to 100%
		Bandwidth Control	QoS
		Maximum Clients	56 wireless clients (AP mode)
		MultiSSID	2
		Security (authentication method)	Open, Shared, WPA-PSK, WPA2-PSK, WPA/WPA2-PSK (MIX) mode, 802.1x, WPA-Enterprise, WPA2-Enterprise, WPA/WPA2-Enterprise (MIX) mode
		Security (coding method)	AES, TKIP, AUTO, WEP (64/128bit)
		Security (others)	Stealth SSID, Privacy separator, MAC address filter
		Smart Wireless Setting	"Smart wireless setting" for client connection by push button, PIN cord, Supported external registrar
	lmage Transmission	Interface	HDMI x 1 port
		Display resolution	Maximum resolution: Full HD (1920 x 1080)
		Display function	Mirror mode (reproduction)
	USB	Interface	USB2.0 × 2 Port
	Other	Supported OS	Windows 7, Windows 8, Windows 8.1
		Supported utility	NetDA Manager 1.8.0 or later
		External dimension	120mm × 155mm × 32mm (excluding antenna)
		Accessories	Main body, AC adaptor, CD-ROM, Setup guide, Rubber feet (4), GPL notification sheet

About silex

Since 2000, silex technology europe GmbH has been a subsidiary of the Japanese company silex technology, Inc. The parent company in Japan has been involved in development and production since 1973. Thus silex technology can look back on more than 40 years of experience and quality work. In addition to the central company headquarters in Kyoto, there are locations in Tokyo, the USA, China and Europe.

Today, the silex group is not only a world market leader in integrated network printing technology, but also a leading supplier of connectivity in the areas of USB, serial and WLAN. Many well-known manufacturers of computer peripherals rely on the technologies of silex technology and use them as OEM suppliers for their own products.

Their product line includes print, USB and serial device servers, as well as modular WLAN solutions. In addition to mature technologies and quality products, the company also offers a complete ranges of services, such as lifetime free support by telephone, email or remote access for all customers.
